PMU Focus

For those who are planning to take advantage of the PMU Training-DACS Exam special, you must 1) come through the Foundations AND Masters classes and 2) qualify according to 482, but please note the following timeline. Everything will be held at Apopka MREC.

- Termite Foundations: May 30-Jun 1 (W-F)
- Termite Foundations: Sept. 5-7 (W-F) (last one for the year)
- Termite Masters (only one for the year): Sept 26-28, 2012 (W-F)
- Certified operator exam review with Joe Parker (DACs), Sept 28, 1-5 pm
- Certified operator exam: Sept. 29, Saturday
- Application deadline date of August 10, 2012 for the September 29, 2012 Termite exam at PMU – Apopka

- GHP Foundations (last one for the year): July 25-27, 2012 (W-F)
- GHP Masters (only one for the year): Oct 24-26, 2012 (W-F)
- Certified operator exam review with Joe Parker (DACs), Oct 26, 1-5 pm
- Certified operator exam: Oct 27, Saturday
- Application deadline date of September 7, 2012 for the October 27, 2012 GHP exam at PMU – Apopka

The applications NEED TO INDICATE that the exam will be taken at PMU Apopka (either by sticky note, letter, or mark it right on the application....SOMEHOW)

A person will still need to qualify for the exam with 3 years experience and 45 jobs, etc.

School IPM, Special Session

Date: June 28, 2012; Thursday

Place: UF/IFAS Apopka MREC

Time: 8 AM-5 PM

Cost: \$150

Registration will close on June 25, 2012; Monday. There are 13 slots still available for this class. (Note: Registration deadlines are earlier than most CEU classes because each class is tailored for the folks enrolled, so we require time to print the material that will be distributed for each class and gather supplies for the hands-on training.)

Registration Form

Who should attend? Anyone doing pest control in schools, IPM coordinators, administrators and purchasing agents.

This class is geared toward the special challenges of working in a school environment, including special needs classrooms, schools as multi-use facilities and tight budgets! Topics will include knowing the components of an IPM program and communicating information to your clients, how to identify pest vulnerable and pesticide sensitive areas, choosing the right products for the pest problem, record keeping, model contracts and developing an IPM plan.

PMU Reminders

Schedule changes and fees

Please check the website for an updated course dates. We have rescheduled a few classes offered during the second half of the year. In the next 3 months will be increasing the registration fees for our classes due to a tax that the University of Florida higher administration has levied on our programs, retroactive to August 2011. (We were notified in Sept or Oct 2011.) We have done our best to keep costs down and have not increased our rates since 2008. The final rate increase reflects the total increase due to the University tax alone.

After June 30, our

- 2.5-day courses will be \$350;
- 1-day courses will be \$165
- 1.5-day courses will \$210

After Sept 30, our rates will rise to:

- 2.5-day courses will be \$375;
- 1-day courses will be \$175
- 1.5-day courses will \$225

If you are already registered for a course after June 30, we will honor our existing rate. If you plan to attend a PMU class this year and would like to secure a slot at the current rates, register with payment by April 30, 2012. As always, we appreciate your support of PMU!
